

## PATIENT-CENTERED MEDICAL HOME

Patient-Centered Medical Home (PCMH) is not a place...It's a partnership with your primary care provider at Waikiki Health.

### As your medical home, we will:

- Offer you a health care team to meet your physical and mental health needs
- Focus on providing team-based care, with you and your family at the center
- Connect you with other members of your care team including specialty services
- Be accessible to you when you need it
- Provide you with the highest quality of patient care

### We trust you, as our patient, to:

- Know that you are a full partner with your care team in your care
- Ask questions about your care, and tell us when you don't understand something

## OUR MISSION

The mission of PATH Clinic is to provide comprehensive perinatal clinical and social services to women with past or present substance use issues. While the clinic is not a substance abuse treatment program, we provide continuity of care in a homelike setting free of judgment, and support of each woman's unique path, from pregnancy to capable parenting.

**If you are uninsured, underinsured and/or have insurance, you may qualify for our sliding fee scale. To do so, you must have proof of income. Please inquire with one of our patient services representatives.**

## OUR SERVICES

The PATH Clinic provides comprehensive perinatal, delivery and postpartum care.

Services include:

- OB/GYN care
- Case management
- Social service referrals
- Educational classes
- Smoking cessation treatment
- Activities to promote peer support, baby bonding, and healthy fun
- Childcare service while mothers participate in classes, activities, or appointments at the clinic

## CLINICAL SERVICES

In addition to the services listed above, our PATH Clinic also provides quality and expert clinical services.

Services include:

- Weekly appointments with nurse practitioner and obstetrician available
- Frequent ultrasounds to promote maternal-fetal bonding
- Substance use monitoring to promote awareness of relapse and to reward healthy behavior choices
- Birth control counseling and preconception planning
- Behavioral health counseling and support
- Medication assisted treatment

## WAIKIKI HEALTH

In addition to services provided by PATH Clinic, Waikiki Health also provides primary medical care, behavioral health, dental and social services through its other clinics. The Ohua Clinic is located in Waikiki, and the Makahiki Clinic is located in the McCully-Moiliili neighborhood. Both clinics offer an on-site pharmacy and free parking is available for our patients.
